

BANKING: A BRIDGE TO VIKSIT BHARAT 2047

(From left)

Sunil Mehta, Chairman, PSB Alliance

Umesh Revankar, Executive Vice Chairman, Shriram Finance

» “The next phase of achievement will be when the entire rural and the semi-urban area is digitised,” Mehta said.

» “It (physical branch) is still necessary because there are certain activities that need a physical presence and access to customers,” Revankar said.

REWIRING BANKS: EMERGENCE OF THE DIGITAL BEAST

Nitin Chugh, Deputy MD and Head of Digital Banking and Transformation, SBI

» “UPI is evolving by the month, the volumes can't keep pace with the previous month's. SBI does 19.5 crore UPI transactions per day.”

Vishnu R Dusat, Managing Director & Co-founder, Nucleus Software

» “AI is going to help us in a big way with hyper-personalisation in the banking sector... If you don't evolve, it will be difficult to compete in this segment.”

Hemant Jhahria, Partner & Head of Consulting, KPMG in India

» “UPI success has to be replicated in more areas. (Need) more investment in technology in the banking sector.”

DISCUSSING DEVELOPMENT

(From left)

Rahul Kanwal, News Director, India Today and Aaj Tak, and Executive Director, Business Today
Rahul Narwekar, Speaker, Maharashtra Assembly

» Narwekar talked about how the Maharashtra development story will pan out in the next five years. He also talked about the broader impact of the state's policies on India's political and economic landscape.
