THE STUNNING BOULDER

Hills Golf and Country Club proved to be the perfect venue for Royal Ranthambore *Business Today* Golf's Hyderabad edition on Saturday, February 22, with a packed field contesting the tournament and many attractive spot prizes on offer.

The onset of Spring proved a worthy ally and golfers from the HITEC City made the most of the ideal weather conditions on the aptly named course that winds its way through some typically rocky terrain of the Deccan Plateau.

Crisp thumps from the driver, the click of irons on the golf ball, and the occasional cheer or groan as a putt found its target or missed by millimetres would be heard around Boulder Hills as competitive spirits rose through the round. Great camaraderie, keen rivalry and plenty of fun was seen on the field.

Now in its silver jubilee edition, India's longest-running corporate golf tournament has seen a steady rise in popularity and demand since its resumption in 2022. True to its essence, BT Golf Hyderabad saw the city's brightest participate, making it an occasion to remember.

Leading the way was the 0 to 14 catego-
