

BATTLE OF THE BUDS

The Beats Powerbeats Pro 2 and the Noise Master Buds build on the past. Powerbeats Pro 2 has one of the most secure fits while Noise Master Buds offer a secure, comfortable fit. But a few shortcomings keep them from reaching their potential

BY PRANAV DIXIT

DURABLE SPORTS EARBUD

When Beats first launched the original Powerbeats Pro in 2019, it created a buzz in the world of true wireless earbuds, particularly for athletes. Its secure fit, powerful bass, and long battery life made it popular with fitness enthusiasts. Now, six years later, the Powerbeats Pro 2 has arrived in a market that has changed drastically. It features large ear hooks that wrap around the ear for extra stability. This is a double-edged sword. On

POWERBEATS PRO 2

₹29,900

It retains what made the original great. Since the market has changed since 2019, some of its biggest selling points are less groundbreaking now.
