INDIA IS SEEING A RISE IN CYBERCRIMES AND THE GOVERNMENT IS FOCUSED ON FIGHTING THIS THREAT. THERE HAS BEEN A SUBSTANTIAL INCREASE IN FUNDING FOR CYBERSECURITY IN THE INTERIM BUDGET 2024, WITH THE FIGURE TOUCHING ₹999 CRORE—NEARLY FIVE TIMES THE BUDGET ALLOCATION (ACTUAL) IN FY23. AND THERE'S GOOD REASON FOR IT. ACCORDING TO RECENT FIGURES RELEASED BY THE HOME MINISTRY, INDIANS INCURRED LOSSES TOTALLING ₹7,500 CRORE DUE TO CYBER FRAUDS IN 2023. PWC'S 27TH ANNUAL GLOBAL CEO SURVEY ALSO RANKED CYBER THREATS AS THE SECOND MOST SERIOUS RISK IN THE COUNTRY, BEHIND INFLATION. HERE'S AN OVERVIEW OF INDIA'S CYBERSECURITY LANDSCAPE:

82%

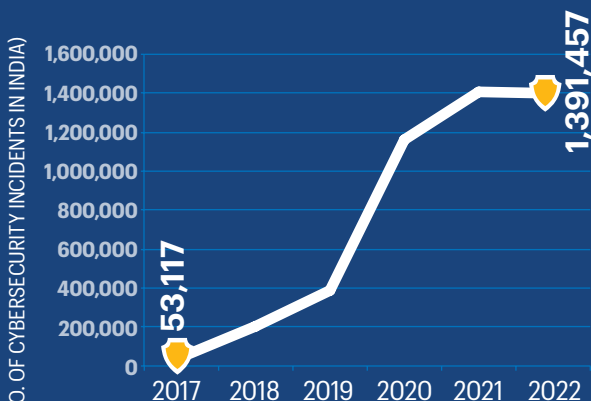

OF RESPONDENTS INCREASED THEIR SPENDING ON CYBERSECURITY IN 2023, AS PER CAPTERRA 2024 SURVEY REPORT

5%
