TURNING BRANDS TO GOLD WITH CREATIVE GENIUS

AMIT KUMAR

Dr. Amit Kumar stands as a beacon of expertise in healthcare, with over two decades dedicated to diabetes care and general medicine. Amit has been recognised as one of Patna's top three diabetologists for seven consecutive years, his accolades stemming from a meticulous 50-point evaluation by a US-based firm, Three Best Rated.

Amit began his journey at the esteemed All India Institute of Medical Sciences New Delhi, followed by a postgraduate diploma in diabetes from Cardiff University, UK. His professional trajectory spans from internships and residency at AIIMS, New Delhi, to five years of internal medicine training in Singapore's Tan Tock Seng Hospital. Currently, Amit orchestrates his diabetes clinic with precision, concurrently serving as a consultant physician at Power Grid, Eastern Region. Beyond clinical practice, Amit enlightens audiences on diabetes control nationwide, bolstered by his membership in the Research Society for the Study of Diabetes in India.

FROM DOUBTS TO DRIVING CHANGES: EMPOWERING LEADERSHIP JOURNEY

Mr. Ajitkumar, Cofounder of XtraTrust DigiSign Pvt Ltd. His Journey exemplifies the essence of forging one's own path and inspiring others along the way. Despite starting as a Commerce Graduate with a passion for business, he felt a yearning for something "constructive" beyond the family business. This led him to explore the field of IT at NIIT for three years, where he discovered numerous opportunities.

Although he began his career as a Sales Executive in the non-IT sector, his fascination with technology persisted. Moving through various IT companies, he eventually joined GNFC Ltd in 2005, where he thrived for 15 years. However, a sense of incompleteness led him to pursue his entrepreneurial dreams in 2019, leaving behind his established career.

Simultaneously, he continued to pursue knowledge, attending Indian Institute of Management (IIM) Indore to sharpen his strategic leadership skills and deepen his understanding of contemporary business challenges. With a wealth of experience in corporate development, market expansion, process optimization, and digital innovation, Mr. Ajitkumar now collaborates with leaders and entrepreneurs, providing expert guidance in corporate sales, business development, and brand leadership.
