Indian government's guidelines for the scheme promoting EV manufacturing aim to lure global giants, but challenges remain

BY ASTHA ORIEL

► **EARLIER THIS MONTH**, the Ministry of Heavy Industries notified the guidelines for the Scheme to Promote Manufacturing of Electric Passenger Cars in India. The scheme, aimed at luring global EV manufacturers, offers reduced import duties and man-

dates substantial investment and localisation for manufacturers.

As per the new policy, approved applicants will be allowed to import Completely Built Units (CBUs) of electric four-wheelers with a minimum CIF (cost, insurance and freight)

value of \$35,000 at a reduced customs duty of 15% for five years. The selected automakers are required to make a minimum investment of ₹4,150 crore. Additionally, the maximum number of EVs allowed to be imported is capped at 8,000 units per year.
