How did Q4FY25 earnings pan out?

Q4FY25 has been the 18th consecutive quarter of year-on-year growth for us, and this has been in line with our expectations. We saw a 29% increase in revenue, 26% rise in Ebitda, and a 21% growth in profit after tax.

In the last one year, we strategically acquired three hospitals. Two in the beginning of the year—we acquired Alexis Hospital Nagpur (now Max Nagpur) and Sahara Hospital Lucknow (Max Lucknow).

Later in the year, in November, we completed the acquisition of Jaypee Hospital (now Max Hospital, Noida). These
