NOVO EYES INDIA'S WAISTLINE

NOVO NORDISK IS MAKING A STRATEGIC
PUSH INTO INDIA'S WEIGHT-LOSS MARKET
TO SECURE ITS POSITION AHEAD
OF COMPETITION FROM GENERICS
AND RIVALS LIKE ELI LILLY'S MOUNJARO

- 3 Despite strong revenue growth, Novo's stock has been under pressure amid concerns over future growth, valuation and long-term impact of generics and rising competition
- 4 As the use of GLP-1 drugs, especially for weight loss, expands, Novo faces scrutiny over safety, off-label use and high prices, especially in the US and Europe
- 5 Production and supply chain challenges have prevented Novo from fully meeting the surging demand for its blockbuster drugs, risking customer dissatisfaction and potential loss to rivals
