

Dr. Thumbay Moideen: *27 Years of Vision, Legacy, and Leadership in the UAE*

Dr. Thumbay Moideen, Founder President of Thumbay Group, marks 27 remarkable years in the United Arab Emirates—a journey defined by purpose, resilience, and impact. As the first Indian to establish a private medical university in the UAE, Dr. Moideen has become a towering figure in the fields of education, healthcare, and entrepreneurship in the region.

In 1998, he laid the foundation of what would become Gulf Medical University (GMU) in Ajman—now one of the largest and most diverse medical universities in the Middle East, with students from over 106 countries. His vision didn't stop at education. Under his leadership, Thumbay Group expanded into a global enterprise with interests in over various sectors, including hospitals, research, wellness, retail, and technology.

Dr. Moideen is widely celebrated as the richest Beary in the world and the No.1 NRI in the Gulf from Karnataka, yet his success is not just by wealth but by the communities he has uplifted. A man of humility and foresight, he holds four honorary

doctorates and is a respected leader known for transforming challenges into opportunities.

His impact on the UAE's healthcare landscape is profound. Thumbay University Hospital in Ajman, the largest private academic hospital in the region, reflects his mission to provide world-class yet affordable care. Recently, he expanded the group's services with the New launch of a state-of-the-art Rehabilitation Center in Sharjah and a dedicated Veterinary Care facility, addressing key gaps in specialized health services.

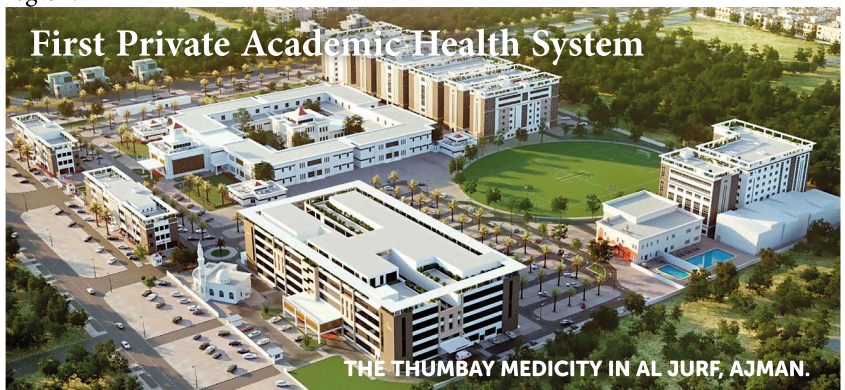

Beyond business, Dr. Thumbay Moideen is a passionate advocate for education, innovation, and social responsibility. His philanthropic initiatives support students, promote sustainability, and provide healthcare access to underserved communities. He has created thousands of jobs and offered countless opportunities to young professionals across the Gulf region.

Dr. Thumbay Moideen
Founder President
Thumbay Group - UAE.

As he celebrates this 27-year milestone, Dr. Thumbay Moideen stands as a symbol of what visionary leadership can achieve. His journey from a humble beginning in India to building one of the UAE's most influential conglomerates is nothing short of inspirational.

Dr. Thumbay Moideen is not only a pioneer in healthcare and education - he is a legacy in motion, a global Indian, and a name that will continue to inspire generations to come.
