

Amisha Vora: The Visionary Powering a Legacy of Trust and Transformation

■ Ms. Amisha Vora
Chairperson & MD
PL Capital Group

As India's financial markets surge toward global dominance, few institutions mirror this evolution as authentically as PL Capital – Prabhudas Lilladher Group. What began as a modest 100-square-foot office in 1944 has evolved into one of India's most respected financial services firms.

And at the centre of it all is Amisha Vora, a leader who proves that when legacy meets vision, transformation isn't just possible – it's inevitable. The Chartered Accountant began her career in 1988 as a research analyst and joined PL in 2000 as VP – FII sales. Since the start of her career, she learned to trust her research and conviction, even when it diverged from popular consensus. That discipline of research-backed decision-making remains central to PL's DNA.

As the Chairperson and Managing Director of PL, Amisha holds a 96% stake in the company and leads a team of 600+ professionals. Her passion for work,

attention to detail, astute understanding of the business models and action-oriented work style have enabled PL to scale new heights, consistently. The organisation has today evolved into a financial services powerhouse, offering research-led advisory across the financial spectrum spanning across Institutional Research and Equities, Investment Banking, Wealth Management, Asset Management (PMS & AIF), Securities Finance, Corporate Advisory, and Broking & Distribution.

Under her leadership, PL has won several awards and accolades, including being recognised as one of the Best Brands in India by ET Now in 2024 and 2025 and Jamnalal Bajaj Prize For Fair Business Practices by Council for Fair Business Practices in 2024. For her impressive contributions, Amisha has also been the recipient of several prestigious awards, such as the Women Empowerment Principles Leadership Award 2019-20 by the United Nations, Rashtriya Udyog Ratan Award 2021 for Corporate Leadership, and Annual Impact Creator Award by the Governor's Office & Government of Maharashtra in 2021. She was also honoured as a Board Laureate in 2024 by Board Stewardship, a distinguished platform that celebrates excellence in governance and board leadership.

PL's growing footprint reflects the scale and trust it commands; a 160,000+ client base, including over 4,000 HNIs/UHNIs and 100+ institutional clients; more than 1,200 partners in 250+ locations; and a 500-member professional team managing a combined depository and portfolio AUM of over INR 30,000 crore.

But it isn't just scale that defines PL's success, it's the substance that sets it apart. Throughout its 80-year journey, PL has remained rooted in its core values: trust, transparency, and integrity. Efforts

such as installing a telex machine for real-time communication in the 1960s, introducing computer-printed contracts in the 1980s, and expanding the BOLT VSAT network to democratize trading, stand testament to its forward-thinking culture.

Amisha's influence has fuelled this spirit of innovation and excellence. Between 2002 and 2008, she scaled the Institutional Business 36-fold, assisted corporates in raising over USD 1.8 billion between 2005 and 2008, and led PL's diversification into high-growth verticals like Investment Banking, PMS, and NBFCs. In 2012, she assumed charge of the retail business and delivered 10-fold growth over the next decade, an extraordinary feat in a competitive and dynamic market. Moreover, her early recognition of the power of data-driven investing enabled PL to blend its research expertise with advanced analytics and technology and pioneer quant-based asset management in India.

"As India ascends to global economic leadership, we are building an integrated financial ecosystem where wealth creation is strategic, sustainable, and deeply rooted in trust," notes Amisha. Her leadership philosophy extends beyond the boardroom. At 56, she completed the challenging Everest Base Camp trek, demonstrating the same grit and resilience that define her professional journey.

In a world chasing short-term wins, Amisha represents the long game; One built on credibility, consistency, and character. As India approaches its \$5 trillion milestone, PL stands ready to lead the financial charge, empowering individuals and businesses in their wealth creation journey. With a leader like Amisha at the helm, the future of PL promises to be as bold, purposeful, and transformative as its rich legacy.
