

Catalyzing a Healthier India: Everyone, Everywhere, Equally

In a country where equitable access to quality healthcare remains one of the greatest challenges, **Commander Navneet Bali** is leading a quiet revolution—building not just hospitals, but hope. As **Executive Director & CEO of ClearMedi Healthcare**, a Morgan Stanley-invested company, Commander Bali has transformed the organization into one of India's most respected and fast-growing healthcare brands.

From **three hospitals in 2023 to eight multi-specialty hospitals by 2025**, ClearMedi's rapid expansion under his leadership is a powerful testament to what focused vision, operational discipline, and social responsibility can achieve. At the heart of this growth lies a powerful belief: **healthcare must be for Everyone, Everywhere, Equally.**

A decorated officer with **24 years of service in the Indian Navy**, Commander Bali brings military precision and deep compassion to the business of healing. Combined with hands-on healthcare leadership roles at **Narayana Health, IOSPL, and Rockland Hospitals**, his credentials position him uniquely to lead ClearMedi's nationwide expansion.

During his tenure at **Narayana Health**, Commander Bali played a pivotal role during the COVID-19 pandemic, helping **save hundreds of lives** through rapid infrastructure deployment and crisis leadership—especially in the hard-hit North India region.

Today at ClearMedi, that spirit continues. The group's network now touches **tribal communities in Gujarat and Madhya Pradesh, remote areas of Mysuru and Nanded**, and other underserved geographies—places often

“**Healthcare is not a service— it's a responsibility. One that we must fulfill for everyone, everywhere, equally.**”

Commander Navneet Bali
Executive Director & CEO
ClearMedi Healthcare

left behind in India's healthcare map. Through **advanced oncology centers, AI-powered diagnostics, and robust telemedicine platforms**, ClearMedi is taking **cutting-edge care to the country's last mile.**

One of the signature initiatives under his leadership is the **Global Wellness Card**—a unique program providing families with **free ambulance services, zero emergency bed charges, and complimentary home sample collection** within local communities. It reflects the brand's promise to treat every patient like family, with dignity and respect,

regardless of economic background.

ClearMedi's **zero-bias policy** ensures uniform care standards for all—whether a walk-in tribal patient or a dignitary—upholding the core value of treating *Everyone, Everywhere, Equally.*

Another hallmark initiative is the **Veterans Desk**, born from Commander Bali's deep connection with the armed forces. It provides **priority and dignified care to ex-servicemen and their families**, reinforcing the organization's culture of respect and gratitude for those who served the nation.

His contributions have earned him national acclaim, including recognition by **Outlook** magazine as a **“Game Changer in Healthcare.”** He continues to serve on critical policy and industry platforms such as **Co-Chairman, National Health Council – ASSOCHAM, Member, CII North Region Health Council, Mentor, Atal Innovation Mission – NITI Aayog, Board Member: MedML, Zeeva Fertility, Advisor to: IIM Jammu, Thumbay Institute, College of AI in Healthcare**

Commander Navneet Bali firmly believes that **a healthy country is a strong economy.** By making healthcare more inclusive, accessible, and technology-enabled, he is not only building a robust healthcare brand—he is actively contributing to the making of a **resilient, healthier India.**

Under his stewardship, ClearMedi Healthcare is not just changing lives, it's shaping the future of a healthier nation.
