

G

Green Jobs

Jobs that contribute to protecting and restoring the environment

Green Bonds Financing option available to private firms and public entities to support climate and environmental investments

Greenwashing

Situations where a company makes misleading claims about its positive environmental impact

J

Just Transition

Countries choosing to green their economy through approaches that reinforce equality and inclusivity

L

Loss and Damage

Unavoidable impacts of climate change that occur despite, or in the absence of, mitigation and adaptation

M

Mitigation Any action taken by governments, businesses and people to reduce or prevent greenhouse gas emissions

N

Net Zero Ensuring that carbon dioxide emissions are balanced by human efforts to remove them

P

Paris Agreement

Legally binding international treaty, started in 2016, aiming to limit global warming to well below 2°C, preferably to 1.5°C

R

Renewable Energy

Energy derived from natural sources that are replenished on their own, such as wind, sunlight, moving water and geothermal heat

S

Sustainability Meeting the needs of the present without compromising the ability of future generations to meet their needs

Scope (1, 2, and 3)

Categories of greenhouse gas emissions released by a company's entire value chain
