

LSA Kolkata: Empowering Aspirants through Leadership, Strategy and Excellence

Kolkata, April 2025: In the heart of Alipore, Kolkata, stands a school that has quietly but consistently been redefining what modern education should look like—LakshmiPat Singhania Academy (LSA). An institution that goes beyond textbooks and examinations, LSA is fast becoming a benchmark for holistic, values-driven education in India.

International Space Settlement Design Competition has opened up exciting new avenues for the students, offering them a global perspective and opportunities to explore the frontiers of science and technology. Through the Atal Tinkering Lab, the institution has nurtured innovation and critical thinking, empowering the students to design and create solutions to real-world

are also provided for them. Specialised educators, counsellors work closely with these students, promoting personalised syllabus and therapeutic services to help them thrive academically and socially, giving them an equal opportunity to participate in all aspects of school life.

Explore, Engage, Experience

Experiential learning has also been at the heart of our teaching methodology. Be it through hands-on experiments, field trips, or interactive projects, we ensure that learning extends beyond textbooks, helping students to connect theory with practice. The students of the Academy successfully host various Inter School events like, Exebit, Bullionaire, Iris, MUN, to name a few. Their creative skill is reflected in their planning and execution of the same with utmost dedication and perfection. These experiences have not only deepened their understanding of various subjects but have also prepared them to face life's challenges with confidence and competence.

Commitment to Community

At LakshmiPat Singhania Academy, we ensure that a congenial environment for learning is maintained while making sure that children have enough opportunities to develop their personal and interpersonal skills. We pride ourselves on creating a culture of learning where students are free to express or share their interest in variety of fields while developing their character as well. With varied co-curricular classes, a strong emphasis on communication skills and activities meant to foster cultural, social understanding, the students of our school emerge as responsible citizen of the world.

A Legacy of Excellence

Backed by the prestigious JK Group, LSA was established in 1996 with a mission to create empowered global citizens. Affiliated to the Central Board of Secondary Education (CBSE), the school caters to students from Montessori up to Class XII. But LSA's true strength lies not just in academics, but in the vibrant culture it fosters through its innovative approach to learning.

'Education here isn't about marks; it's about making children better thinkers, leaders and human beings,' says Ms. Meena Kak, the Director of the Academy and a renowned figure in the Indian education arena who had featured in Forbes for her exemplary contribution in this field.

Preparing Global Citizens

The Academy's participation at NASA in

challenges. Through student exchange programmes like AFS and Round Square, U.K., students gain exposure to diverse cultures and innovative teaching methodologies. These partnerships enhance language skills, foster cross-cultural understanding and encourage critical thinking, thus preparing the students for higher education and international opportunities.

Different Abilities, Equal Opportunities

Inclusive education remains one of the Academy's forte. By embracing diversity and providing support to every learner, we continue to build a culture of empathy, respect, and collaboration within our school community. Continuous individual monitoring to students with special aptitudes is done by drafting Question Papers tailored to their individual requirements. Scribes
