

A movement
called Liberty

A movement that covers every kind of footwear store.

Whatever be the footwear store you're looking for, you'll find it here. For the budget conscious footwear buyer there are the "Factory Price Stores". Those seeking the maximum choice in brands without wanting to go overboard on price will find the mega-format "Shoe Factory" Stores just the place they want to be. The ones who seek variety will find what they are looking for in the multi-brand outlets known as "Shoe Stations". The quality-driven seeking an exclusive shopping experience will discover true value in "Liberty Exclusive Showrooms". The luxury-minded will feel totally at home when they find themselves amongst the finest in global footwear brands at the "Pairs" Showrooms. And those wanting to make style statements with their footwear will relish the experience of being at the fashion hubs also known as "Revolutions Concept Stores".

For us at Liberty it is a continuous reinforcing of our being about people and reassuring consumers that the brand is "Aaj ka style wave."

CHILD-LIKE: His greatest gift was the way he inspired children

Hyderabad, the Nalanda University in Patna and the newly-established Indian Institute of Space Science and Technology in Thiruvananthapuram. He is also busy penning three more books.

Much of the nation would welcome his continuance in public life. Kalam performed his presidential role with a rare sensitivity—striking a fine balance between constitutional propriety and independence in judgement. It was his informality and common touch, his transparency and sincerity, his patriotism and commitment to the development of the nation, his touching faith in the country's young, his energy (despite being over 70) and his 'can do' spirit that truly defined his presidency. Says Karnataka Chief Minister H.D. Kumaraswamy: "We have never seen anyone who is so open with people and so approachable. He is like a father figure."

It was his ability to reach out to the common man as his evolution in the "people's President" that endeared him most to the nation. He developed a touchy-feely style to the job that would be the envy of even a professional politician. Even while handling political issues, early in his presidency, Kalam
