

Bosch innovation?

Yes

14 patents each working day

Bosch Innovation: Bright ideas are an everyday event at Bosch. On an average, Bosch registers 14 patents each working day. A staggering achievement made possible because Bosch invests more than 7% of its sales in research and development every year. In the financial year ending 2006, Bosch's R&D spend stood at 3.3 billion euros. So every innovation that comes from Bosch, truly is *Invented for life*.
