

Hail the Prince of Percussion!

Taufiq Qureshi takes you on a journey of the forest taking off from the bright sun rays at dawn, the fright of the hunted prey, the enchanting melodies of the deep, to the veil of darkness at night. Hear all the myriad sounds and feel the jungle through the echoes of its beats.

Flavour the 6 seasons

From the sunny bright summers the romantic monsoons to the nostalgic autumn and the cosy intimacy of winters, Abhishek Ray captures the essence of all the seasons as he lends voice to his masterful compositions.
