Yet another 1st by the leader

The pioneer and the leader of DTH in India, brings to you yet another revolutionary product 'dishTV on computer'. A product that offers 'Live TV' on computer, digitally. It makes the Computer double up as a Television. What's more, it offers a dual advantage as the set top box can also function with a television.

This VGA box costs Rs. 4150 (CPE + Installation charges + Applicable taxes) and enables you to enjoy up to 170 digital channels along with futuristic services such as Movie-On-Demand, Multi Audio Feed, Active News, Active Sports and many more. So go ahead, now enjoy live entertainment on your computer.

Also available, regular set top box (connects to TV only) for Rs. 3150 (CPE Rental for 5 years + Rs. 200 Installation charges + Applicable taxes).
