

The front runner in Academic revolution

THE VISIONARY

Ten years back in 1996, Pradeep Kumar Gupta, the founder chairman of Sharda Group of Institutions (SGI) took up the challenge of providing the finest professional and technical education in India. With a humble background and limited resources, he was determined to take the education sector by storm. He could see the potential that young India had and envisioned to provide them the right platform to unleash their latent talent.

What started a decade back as a single engineering college with a student base of 160, is today one of the largest educational groups in India with 14 colleges spread over 165 acres of land, 3.5 million sq. ft of built up area with 10,000 plus student strength, 800 faculty members, 27 programmes and a 500 bedded 'Sharda Hospital'.

Mr. Gupta quips, 'We at SGI, from the very inception emphasised on imparting quality education. Last ten years of tireless efforts to bring our institutes up to global standards in the field of technical, management and medical education has yielded commendable results'.

THE GROUP

Sharda Group of Institutions (SGI) is a self financed education group offering high standard quality education in the field of Engineering, Management, IT, Medicine, Dental and Para-medical to students from India and abroad. SGI got the prestigious NBA accreditation for B.Tech, MBA, and MCA programmes for excellence in infrastructure, governance and teaching-learning processes. All courses are approved by AICTE, Dental Council of India, Medical Council of India and affiliated to U.P. Technical University (UPTU) and other state universities.

The teaching methodology of SGI is unique and highly productive. The pedagogy model ensures empirical learning through co-curricular activities, industry-institute-interaction, exchange programmes, guest lectures, presentations, seminars, quizzes, tutorials, live projects, etc. Value added inputs gifts SGI students, making them the most sought after in

Pradeep Kumar Gupta
Chairman

Creative mindset, balanced vision, passion for achievement besides good academic knowledge are some of the qualities intrinsically enshrined by Team SGI in the students.
