

the Sacred Heart Convent School, Barnala catering to 12 villages covering 10,000 population including free evening teaching classes. 25 villages are adopted for providing technical knowledge with the help of Punjab Agriculture University (PAU) to farmers. Trident's safety, health & environment (SHE) policy is to provide a safe environment by setting up an Effluent Treatment Plant. 15 per cent of the employees of Trident are women. As a first-time initiative in the Indian yarn industry, one shift at Abhishek Industries' yarn unit is operated solely by women work force. Around 80 per cent of the raw material that is used in the industry is from agriculture. Ongoing plans are there for setting up of a multi utility complex with all the facilities such as a restaurant, shopping mall, sports facilities and theatre in Barnala.

Takshashila- Centre for Excellence

Trident's vision of continuous growth & development has led it to setting up of Takshashila, which is equipped with ultra – modern training facilities spread over 20,000 sq.ft. The capability development initiative of Trident aims to convert Takshashila into a full-fledged corporate university

AIL is also supporting a capsule management program, which trains and grooms young graduates for practical lucrative jobs. The company plans to run specialised management programs for students from weaker sections of the society and looks for accreditation with reputed boards or universities for the same.

Trident believes in providing environment conducive for learning and growth under an organisational development initiative called 'Anand Ka Abhishek'. An array of activities like implementation of ERP throughout the company, initiating Muskaan (Kaizen), leadership development programs, Shaan (5S), ESOP, six sigma and lead such initiatives and many others have enthused a work culture, which resonates Trident's motto, *'together we can, together we will'*.

Looking Forward

Trident plans to diversify into white sugar of 5000 TCD, a distillery of 60 KLPD, co-generation power of 33 MW with a total investment of Rs. 2810 million in Punjab and is also venturing into the information

technology sector. Expansion plans for towel, yarn and paper with a double capacity are on the anvil.

Trident has proposed to set up a sheeting fabric unit with an investment of Rs. 950 crore in Budni, Bhopal. The company has acquired 700 acres of land privately and is awaiting clearance for another 125 acres, creating direct employment for 3,000 people and having capacity of 2 lakh spindles and 400 looms.

The company plans to create a leader out of every member in the organisation. The aim is to have revenues of USD 1 billion by 2010.
