

250 STORES IN 40 CITIES

We agree, it's just not enough

Today there are 250 amazing Spencer's stores across 40 happy cities. Pretty good for anyone else, but not for India's largest supermarket chain. Not when you want to enjoy an international shopping experience, right next door. Or when you want the convenience of picking up the best specialty, organic and diet foods, international cuisine, fresh fruits and vegetables, personal and homecare products, electronics and appliances, the latest fashion, music and movies, fresh-baked goodies and more, even closer to home. But don't lose heart - we're forever adding newer and newer stores to our chain!

spencer's your world of *inspiration*
