

On our **100th** foundation day.

Sau-Sau Salaam

With you since July 20th 1908.

Thank you, customers.

A hundred times over.

*T*oday, Bank of Baroda steps into its 100th Year. And we thank each and every one of our customers over generations for being with us.

It's been a long journey. We have moved from a Local Bank to an International Bank; from traditional products to a mix of banking and financial products; from limited banking hours to flexible 12-hour and 24-hour banking and to Anytime Anywhere banking. We have continued the tradition of innovations and set up Retail & SME Loan Factories and a Gen-Next Branch.

Even while embracing high technology for enhanced customer convenience, we continue with our commitment to deliver warm and caring service. Our passion to serve the two faces of India has helped us forge long-lasting relationships along the way.

Together we can set new benchmarks for abiding relationships. And a century from now, we shall once again salute you.
