

AUDEMARS PIGUET ROYAL OAK SELFWINDING 15510ST

► Yes, the Royal Oak is an icon, but strip away the mythology and you're left with a steel sports watch that is remarkably adaptable. At 41 mm with a slim profile, the Royal Oak carries the "do anything" brief with ease. The tapisserie dial is instantly recognisable yet understated, and the integrated bracelet gives it an effortless formality. It feels as natural with a linen shirt as with a weekend jacket.
