

Steering Global Change

Anshula Kant is playing a pivotal role as the World Bank reorients itself to better serve developing countries

BY ANAND ADHIKARI

ANSHULA KANT

64, Managing Director & Chief Financial Officer, World Bank Group

THE WORLD BANK Group recently announced a new set of measures to increase its ability to lend more—estimated at \$150 billion in extra funding over the next 10 years—and make loans cheaper, especially for smaller and more vulnerable countries. A few months ago, the

WHY SHE MATTERS

As MD and CFO of the World Bank Group, Anshula Kant is well placed to drive reforms in the MDBs that India championed during its G20 presidency

multilateral development bank (MDB) launched a groundbreaking new platform to catalyse private sector capital. This will help developing countries access the \$2.4 trillion they need each year till 2030 to address challenges like climate change.

Kant was part of the World Bank team that met with Finance Minister Nirmala Sitharaman earlier this year, when the latter requested the Bank to take the lead on the G20 agenda for strengthening MDBs. With such a big responsibility, it's no surprise that Kant is part of BT's MPW list. **BT**
