

“Many steps are being taken with the goal of making India a developed nation by 2047, and we are progressing toward this goal with PM Modi’s leadership during these 100 days”

items, including for producing lithium batteries for electric vehicles, as well as for gold imports. India’s macroeconomic fundamentals are strong, which is why we adjusted the customs duty on gold. We believe that such decisions will boost manufacturing and MSMEs.

Additionally, we have removed customs duty on drugs for cancer treatment, and I have also worked to reduce the GST on them through the GST Council. Many steps are being taken with the goal of making India a developed nation by 2047, and we are
