KEY DEMAND DRIVERS FOR DARK STORES

► Urban density drives efficiency in compact fulfilment centres

► Consumers are willing to pay a premium for faster delivery services

► Easy access to mobile apps enables instant ordering, boosting Q-commerce adoption, even beyond Tier I cities

► Busy urban lifestyles have increased reliance on on-demand delivery for groceries, FMCG, and essentials

► E-commerce growth is driving the need for dark stores

► Seamless digital transactions are also increasing the demand for Q-commerce
