REIMAGINING A HEALTHIER NATION

Preetha Reddy, Executive Vice Chairperson, Apollo Hospitals

» Sharing her insights and vision for a healthier India, Reddy said the country needs to transform healthcare into a fundamental right and align it with education

» She said that the utilisation of indigenous solutions and expertise in healthcare will be key drivers in this sector. The rising middle class and technological advancements will also be important in advancing India's healthcare sector

» Reddy also highlighted the urgent need for skilled workers in the sector, asserting that it is essential to provide adequate compensation and respect to healthcare workers
