

VIBRANT GUJARAT: SHAPING THE NARRATIVE OF A NEW INDIA

Spreading its vibrancy globally, Gujarat has become one of the most preferred states for investments and a role model for other parts of the country. According to official reports, Gujarat attracted USD 31 billion in Foreign Direct Investment (FDI) from 2019 to March 2023, marking an 84% increase in FDI in FY 2022-23 compared to the previous year, the highest among all states/UTs. Gujarat has long been considered one of the most progressive states of India, be it on the industrial front or the agricultural front. Driven by its inherent entrepreneurial spirit, the State of Gujarat has taken significant strides in developing a resilient and vibrant economy over the past two decades and has emerged as one of India's most industrialized and urbanized States. Apart from being a national leader across various sectors, the State has emerged as one of the most preferred investment destinations. Gujarat is one of the key drivers of India's economic development. The state has demonstrated leadership in many sectors, demonstrating the diversity and vibrancy of the state's industrial landscape.

AGRO & FOOD PROCESSING

The agriculture and food processing sector assumes special importance in the industrial arena of Gujarat. Gujarat has the highest share in investment in Agro and food processing industry in the country. With diverse agro-climatic zones, the state enables the cultivation of a wide range of agricultural products, catalyzing food processing activities. Today, more than 30,000 food processing units are operating in Gujarat.
