

AUTOMOBILES & AUTO COMPONENTS

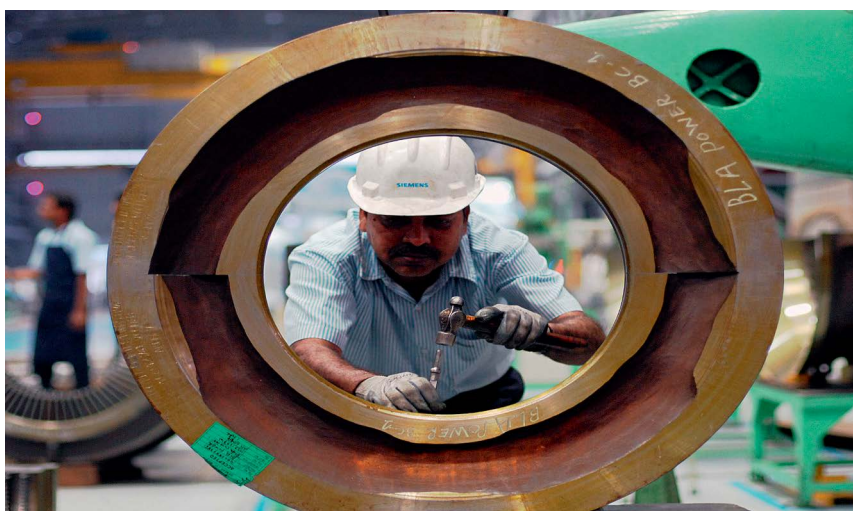

The last two decades have been momentous for the Indian automotive industry. Riding the wave, Gujarat has attracted huge investments from major car manufacturers to component and tyre OEMs, establishing Gujarat as a leading automotive hub in the country.

Sectoral Overview

- Well established auto-clusters: Ahmedabad (Sanand), Vadodara - Halol, Mandal - Becharaji, Hansalpur - Vithalpur.
- Presence across value chain - Clusters of castings & machine tools, brass parts, oil engines & electric motors, bearings and auto-ancillaries.
- India's first lithium-ion battery manufacturing plant in Gujarat.
- Presence of major Tyre and Auto Component companies.

Specialized Center of Excellence

- iCreate EV Centre of Excellence for innovations focused on Electric Vehicles.

- International Automobile Centre of Excellence (I-ACE) for skill development through modern technology for the automotive sector

Growth Driver

- 9% contribution to India's output of

transport equipment.

- Emerging as an Electric Vehicle hub.

Investment Opportunities

- Automobile & EV Manufacturing
- Battery Manufacturing
- Auto Components
