

Nippon Life India Asset Management Limited (NAM India AMC): A place of mutual learning and growth

NAM India prides itself in building a great pool of capable talent and #BuildingCareersForLife! Leaders at Nippon have mastered the art of mentorship which has created this unique advantage that in case of a crisis, there is always a second in line to step in. The ball never falls.

"Business is all about trust. Ultimately, I think someone is investing their hard-earned money into your company and you have a great responsibility to fulfil. Trust does not come from your brand or from the returns which investors are receiving. Trust comes from every action. It majorly comes from the feeling which every employee takes home and that in turn helps him or her to commit to the cause or mandate which is assigned to perform," says Sandeep Sikka, CEO, Nippon.

"I think I've been very fortunate that it's my 21st year here and 15 years as CEO. Still, every day in the morning when I come to office, there's something to learn and some hope to go back home with," Sikka asserted.

"We have a culture where we have a balance of empowerment and entrepreneurship both going together. We have successfully evolved by amalgamating

our core strengths of innovation, empowerment, entrepreneurial mindset, #SpeedOfExecution and some of the global best practices from Nippon Life, Japan around Governance, Process Excellence, ESG and CSR. This not only brings about a sense of strong purpose but also a high degree of #PrideOfAssociation amongst all our employees. Our team has a reason to get up in the morning and come to work as this organization is very agile in terms of the changing dynamics and environment as people are at the centre of our universe" said Rajesh Derhgawen, CHRO.

With interventions like PANKH, SPOTLIGHT and BIG BREAK, NAM India has ensured to continue its focus toward #WomenTalent development across all facades of learning, career development, well-being and long-term wealth creation. Interventions like CEO's Club, Innovation Hub, PITCH IT, #StoriesWorthSpreading, SMILING SOULS the company ensures a well-rounded and holistic development of #AllThingsTalent for its employees, their families and even the Sr. citizens.

NAM India is among very few companies in India that

have a distinction of people having a long career. "We have been consistently focussed on co-creating superlative employee experiences that hinges on not only great care and learning opportunities but also providing a strong & impactful purpose in the form of financial empowerment of people at large", said Derhgawen, CHRO

Rallis India Ltd (A Tata Enterprise): Carrying a Legacy of Excellence

Sanjiv Lal - MD & CEO

Rallis India, a company with a rich history spanning over 170 years, has emerged the Kincentric Best Employer 2023 for its exemplary practices and achievements. The company's success can be attributed to several key factors that demonstrate its commitment to innovation, employee engagement, sustainability, and continuous improvement.

One of the standout features for the organization is its clear mission and objectives, encapsulated in the mantra of "Serving farmers through Science." This vision provides a strong guiding principle for the organization, emphasizing the importance of research and development, product quality, and sustainability in agricultural practices.

The company's emphasis on growth is another notable aspect of its strategy. Recognizing the need to accelerate growth rates, Rallis has made substantial investments in expanding its distribution and retail networks, as well as enhancing its manufacturing capabilities. The establishment of a state-of-the-art R&D centre in Bangalore underscores the company's commitment to innovation and technological advancement in agriculture.

Furthermore, Rallis has fostered a culture of employee empowerment and ownership. By involving employees in decision-making processes and encouraging them to take ownership of projects, the company has achieved high levels of engagement and alignment with organizational goals. This is evidenced by strong employee satisfaction scores and recognition at national levels for initiatives related to continuous improvement projects and digital innovations in agriculture.

"Our objectives are quite clear. For instance, our mission is straightforward: serving farmers through science. Consequently, we understand the importance of investing in R&D, developing contemporary products, and prioritizing sustainability. These priorities are clearly communicated during our team meetings," says Sanjiv

Lal, Managing Director and CEO.

"Collaboration with academic institutions and industry partners is another key pillar of our success. By engaging with academia, the company has access to cutting-edge research and expertise, enabling continuous learning and development for its workforce. Additionally, partnerships with international distributors and exposure programs for high-performing distributors demonstrate our commitment to building long-term relationships and expanding our global footprint," he adds.

"Our highly engaged workforce across locations helps us create value for our stakeholders. We foster an atmosphere of trust, encourage open communication, set clear expectations, and provide opportunities for professional growth. Driving the team towards the mission of the company, demonstrating core values in the workplace (SPICE - Safety, Passion, Integrity, Customer Centricity, and Excellence), commitment to Employee Value Propositions, fostering an agile, collaborative, innovative, and performance-driven customer-centric work culture, all help us maintain a highly engaged workforce", adds Vibhakar - Head - HR & Business Excellence
